SEMINAR
DR. OLIVER GUPTE, JOHANNA REISS-GUPTE, M.A.,
LIFE AND DEATH IN THE RHINE-MAIN AREA, FROM THE CELTIC AGE UNTIL THE TIME OF CHARLEMAGNE (BILINGUAL GERMAN - ENGLISH).

The modern Rhine-Main area looks onto a rich history characterized by a multitude of diverse cultures. Its location in the heart of Europe allows us to regard it as a true cultural hub.
This interdisciplinary and primarily archaeological course aims at introducing students of all disciplines to a selection of sites and finds throughout the above mentioned timeline -focussing only on significant historic events- and to the currently main applied methods.
It is open to all exchange students and all students of the JGU and consists of a seminar (2 hrs) and an obligatory tutorial (2 hrs). A field trip to some prominent sites in Mainz will be offered towards the end of the course.
Apart from regular attendance the students will need to undertake 2 exams (they have the choice between a German and an English version) which they will have to pass with at least 50% each to receive their credit points (8 ECTS in total).
